

Founded in 1989, SUNPRO is a multi-location, multi-service environmental contracting company. With 11 offices in 4 states, SUNPRO is a respected emergency response, remediation and high voltage electrical contractor throughout the Midwest.

SUNPRO offers a broad range of environmental, design, management, construction and remediation services. One call to our professionally staffed **24-HOUR EMERGENCY RESPONSE Hotline 1.800.488.0910** will immediately initiate our emergency response teams.

## AAR RAILCAR INSPECTION & CERTIFICATION

The Association of American Railroads' Quality Assurance Program is an approach for the examination of contractors' and the effectiveness of their implementation. SUNPRO has obtained this certification as it applies to M-1003 C-6 – removal and replacement of tank service equipment. This certification allows SUNPRO's Ohio Regional Office (SUNO) and Chicago Regional Office (SUNS) to conduct bubble leak testing of tank cars once we have repaired or replaced tank car service equipment. This includes but is not limited to: the changing of gaskets, valves, pressure relief devices, and more.

- Perform on Loaded or Unloaded Railcars
- Specialize in Hazardous Commodities
- Eliminate OTMA's and Homeshop Repairs
- Conducted Onsite/Anywhere
- 100% Mobile Service
- Keeps Freight Moving

### SUNO

Mobile Bubble Leak Test  
M-1003 – AAR QA Program  
SUNPRO 800-488-0910  
Ohio Regional

### SUNS

Mobile Bubble Leak Test
